Dear Glemp,

My name is Julia-Karolina Saj, I am a seventeen years old school student and a free artist.

My work is very multifaceted, it deals with politic, fashion, photography,...etc.

This is my internet page address.www.brennglas.eu

Satisfy yourself, it would be a pleasure for me.

My latest work is an homage to pope Johannes Paul II. On of the rare personalities, who left the world too early, who are irreplaceable.

The mind and thought behind this work is my secret, but it would be a pleasure for me, if you make your ideas about the sense.

Yours sincerely
