Hello Miley

My name is Julia-Karolina Saj and I am a seventeen year old artist. My work is very multifaceted, it deals with politic, fashion, photography,...etc.

This is my internet page address. www.MissRevolution.com

Satisfy yourself, it would be a pleasure for me.

I don't envy or adore you for this kind of America, even not for this American "way of life"

Not either for this American kind of "freedom".
Particularly the last point is more and more
Represented in Germany, too

To be famous and have much, much money but to have as good as no own opinion and be caught in an image? No, thank you!

Yours sincerely

Julia-Karolina Saj
